BOOK SYNOPSIS

Improve medical and developmental outcomes in high-risk infants with evidence-based management strategies. Beyond the NICU is the first book to deliver practical, evidence-based strategies for healthcare providers caring for the NICU graduate during convalescence and after discharge. It is a guide to the successful transition of a high-risk infant from intensive care to the intermediate-level nursery, and then, to help the child thrive outside of the hospital in a home environment. To advance the standard of care of these vulnerable patients, Beyond the NICU draws together clinically focused guidelines to improve patient outcomes and reduce hospital readmissions. Drawing on an international team of respected authorities, Beyond the NICU provides the strategies necessary to ensure the success of convalescing NICU graduates in both inpatient and outpatient settings.
