BOOK SYNOPSIS

The purpose of this handbook is to assist countries in the implementation of the System of National Accounts 1993. It seeks to provide an introduction to basic concepts and structures, with simple exercises included, whenever possible, to elucidate matters. The publication also gives an example of the complete system in Excel, with formulas to help readers trace linkages in the system. It is divided into three sections, dealing with accounts of the nation; integrated accounts by industries and institutional sectors; data collection and estimation methods.
